

Past Presidents Committee

The Past Presidents Committee shall:

1. Be composed of all active Past State Presidents. The Past Presidents Committee shall provide the State Society a long term planning body that is well positioned to take advantage of the skills and abilities of its members. The purpose of this Committee is to provide the Board of Governors with an arm to delve into matters that transcend the typical one-year operating period.
2. Be chaired by the immediate Past State President. The current State President shall appoint a chairman if the immediate Past President can not serve.
3. Meet at the express desire of the State President or of the Committee Chairman with the full knowledge of the State President.
4. Prior to any meeting provide an agenda to all committee members on a timely basis. Agenda items may be provided by the State President, but may include items in addition to those posed by the State President which the Chairman or members of the Board of Governors wish to be included.
